Dear Harald, Duncan & Darroch,

Thank you, to you and your team for building a wonderful house for us.  
Margaret and I felt very comfortable with your company and the professionalism shown by each member of your team.

Although we were based in Johannesburg during the building phase, constant communication was a key element and we can confidently state that we were informed of progress on a regular basis.

Every individual was a consummate professional, extremely courteous and embraced the concept of teamwork. The willingness to handle special requests was truly exceptional.

It was an absolute pleasure to work with you and I would certainly recommend you.

Thank you  
Kindest regards  
Sandro & Margaret
