

Recommendation letter Selb Construction

We have built our own beautiful house on a plot at Sitari. The house was built by Selb Construction.

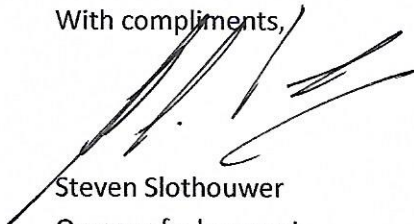

Our choice to work with Selb Construction was easy. Our sales agent at Sitari as well as other organizations referred us all to be in contact with Selb Construction. And it was definitely the right choice we made.

Selb Construction with Harald as the owner has proven to be a very decent, constructive and well organized builder for us.

And with the speed, knowledge and organizational capacity of Duncan, our project manager, smaller and bigger concerns were taken away in no time and quality building became a realization.

We are glad with our choice of Selb Construction and can recommend the organization to anyone who is looking for a builder at Sitari.

With compliments,

Steven Slothouwer
Owner of a house at
Sitari Country Estate
