To Whom It May Concern

**SELB CONTRACTORS**

This letter serves as a reference towards confirming that Selb Contractors were contracted by us to build our house at Sitari (ERG 122) Estate in Somerset West.

The commitment and outstanding professionalism shown was an exemplary example to the building profession. They completed the work timeously and their quality of work was excellent. Further we were living in Zimbabwe during the entire build and they updated us regularly on the build program with photos, following which we visited infrequently but were always satisfied with the workmanship.

Both Harald Selb and Duncan Robertson provided us the necessary confidence and trust for which we are truly grateful.

We were very happy with their work ethic and we highly recommend them for any building contract.

Yours sincerely

A handwritten signature in blue ink, appearing to read 'Trevor Lilford', is placed on a light yellow rectangular background.
